

# Online Fire Safety Training Course

## COURSE DURATION:

90 minutes

## TARGET AUDIENCE:

- New Starters
- Existing staff refresher training

## AVAILABLE IN:

- Audio (speakers or headphones)

## DELIVERED VIA:

- Internet

## Endorsed and Audited by Environmental Health Officers.

This online Fire Safety offers excellent basic fire safety training for any business. It can be used as a first time training package, as part of staff induction, or as a refresher to reinforce employer and employee responsibilities.

### Certificate

On successful completion of the final assessment candidates print the certificate directly from the computer. This certificate provides evidence that the required knowledge of fire safety awareness has been achieved.

### Course Notes

After successfully completing the final assessment students are able to download a full set of course notes which can be printed out. They contain the key points from the course content and are a useful reference guide for the future.

### Modules

The course is broken down into an introduction, four modules and an online assessment. The two main modules cover all the basics that every employee needs to know about fire in the workplace, including the different types of fire extinguisher. Additional modules are refresher modules about the duties for night staff and fire marshals.

### Module 1 - Basic Fire Knowledge

The fire triangle, consequences of fire, fire resistance, fire doors and exits, action in the event of a fire alarm and a fire.

### Module 2 - Basic Fire Knowledge Plus

Fire extinguishers and how to use them, classes of fire, fire resisting construction, case studies and law.

### Module 3 - Night Porter / Night Staff

Final check of premises and walk rounds, action in the event of fire and alarm

### Module 4 - Fire Marshall

Duties, action in event of a fire
